Safeguarding is a priority at Christ Church

The Church Council has appointed a Safeguarding Team. We follow statutory guidance, working to an agreed Safeguarding Policy to safeguard children and vulnerable adults and to ensure safe recruitment of workers and volunteers. A copy of the Safeguarding Policy Notice is on the church notice board; a copy of the policy is available upon the request or can be found on the church website <http://www.christchurchexmouth.co.uk>.

Please contact the police on 999 If you believe a child/adult to be in immediate danger
If you need advice about a possible safeguarding issue please discuss with a member of the Christ Church Safeguarding Team listed below or telephone 07565 166050. This is a dedicated line for Safeguarding only and is manned by one of the team. Please leave your name and contact number. All enquiries will be dealt with confidentially.
