

A Prophecy given for Christ Church in 2015

This generation is pagan. They don't know their left from their right. They have no morals within them. There is a young battalion of 600 soldiers. Each soldier needs to be trained, prepared and ready for the task God has called him for.

Don't be swamped by Exeter. Exeter is like Jerusalem. Exmouth is the Bethlehem, the 'House of Bread'. There is fresh dough of young people to mix into this beautiful loaf of bread.

There are young people growing up with mums and dads but they are orphans.

There are people in their 70's and those whose children have left home – these people are going to bring the children back.

There will be a season of 3 years and then 10 years. By 10 years there will be such fruitfulness. The Church will be unrecognisable.

There is a fresh wind coming from the mountains to freshen, quicken and awaken.

The past of pain and heartache means there are some that do not want to go there again but God says it is part of His long-term plan and there are learning and preparation curves.

There will be a break out here that has not been seen before and will be for all ages.

There are couples age 22-42 years old – God is after them. They are all busy with 2 incomes. God will show us how to break in. We need to adapt and change the way – no more conventional ways.

I see an alabaster box – God doesn't want to take the top off, He wants to break the sides down. There is ointment inside.

Christ Church will be unrecognisable in 10 years' time. Things will really change if you grasp hold of what He has.

We've got to offer the world more than it can offer us. We need to preach eternity more. We don't preach it enough. We need the power of the Holy Spirit and the resurrection to give us boldness and faith. Be seed sowers!

Arise Shine for your light has come!
